

27 March 2020

Dear Affiliate

COVID-19 PANDEMIC

I am writing to you to express our support in these difficult and unprecedented times for golf and wider society globally.

We understand that the necessary measures put in place by governments to mitigate the COVID-19 pandemic will be impacting on your own golf activities, your clubs and the millions of golfers who enjoy our sport.

We encourage you to continue your work in golf as much as your situation allows and to support the many people involved in golf, either professionally or recreationally. Please continue to follow the advice and guidance provided by your government in relation to the COVID-19 pandemic.

We place great value in the relationships we have with you, our global affiliates, and will continue to work with you to offer support and advice on golf matters wherever possible. We believe it is important to share information in these exceptional circumstances so please keep engaging with us.

We are continuing to review the status of our professional and amateur championships and international matches as the situation evolves. We will communicate any changes to our plans in due course.

In the meantime, we are looking forward to the time when golfers around the world can fully enjoy the many physical and mental health benefits that can be gained by playing the sport with their families and friends in whatever form that takes.

Please stay safe and healthy.

Yours sincerely,

A handwritten signature in black ink, appearing to read 'M. Slumbers'.
